# Sign-Up & Verification: Keeping it Student-Only

## College Email Sign-Up

Students register using their official college email ID.

## ID Verification

Optionally, verify identity by submitting college ID for authenticity.

## Genuine Student Community

Verification maintains a trusted, exclusive group of users.

# Daily Commute Details: Tailoring Your Ride

## Starting Location

Enter where your commute begins each day.

## Destination

Select college, hostel, or any regular endpoint.

## Travel Time

Choose your preferred departure or arrival time.

# Smart Matching Algorithm: Finding Your Ride

## Route Matching

Matches students traveling similar routes.

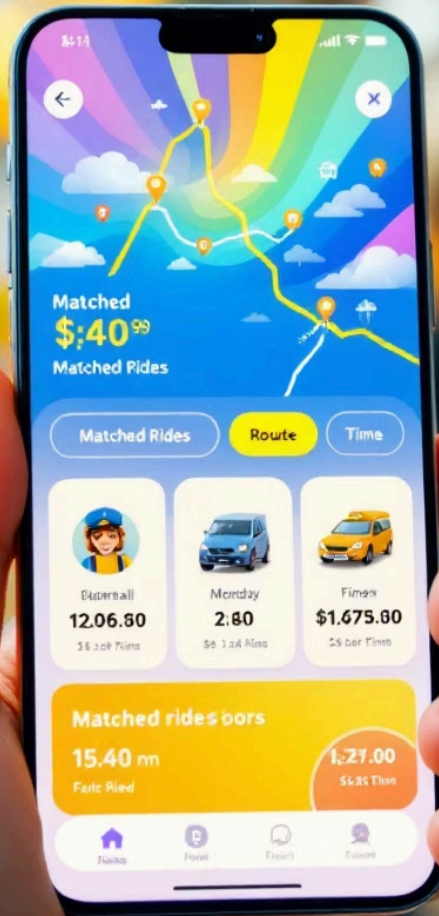

## Time Preferences

Considers preferred travel times for accurate matches.

## Efficient Connections

Enables convenient shared rides and reduces wait times.

# Connect & Share: Car, Bike, or Auto

## Carpooling

Share rides with fellow students using cars.

## Bike Sharing

Coordinate bike rides for quick, flexible transport.

## Auto-Rickshaw Rides

Join shared auto rides for last-mile convenience.

# Benefits: Save Money, Reduce Congestion

## Save Money

Cut daily transport costs by sharing rides.

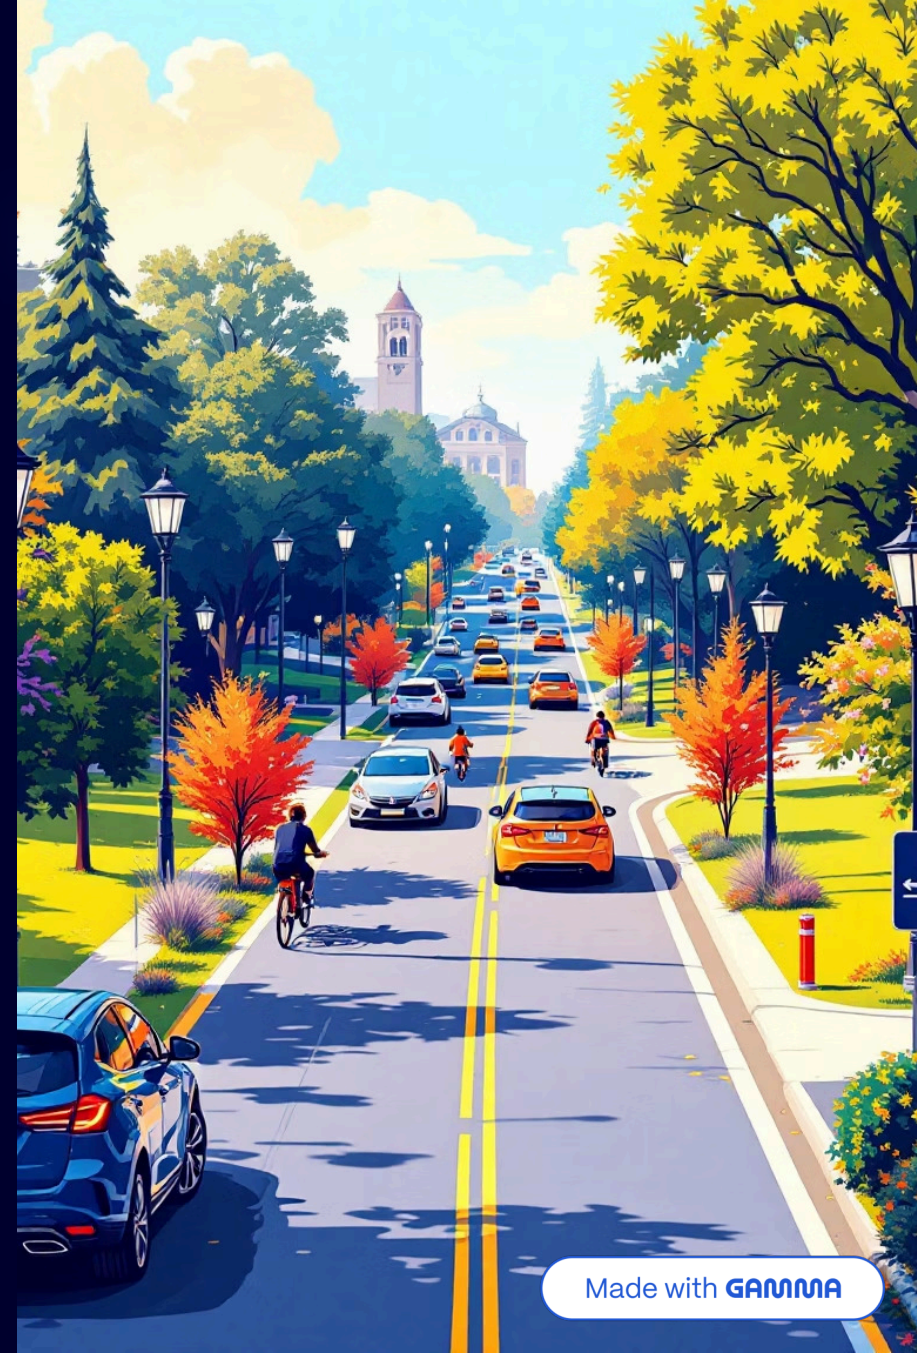

## Reduce Traffic

Eases congestion around campuses and city roads.

## Eco-Friendly

Lower carbon footprint with fewer vehicles running.

# Safety & Community: Ride Together, Stay Safe

## Safety Features

App includes emergency contacts and ride tracking.

## Trusted Community

Only verified students ensure safer sharing experiences.

# Join CollegeTaxi Today!

## Download the App

Get CollegeTaxi from your app store and create an account.

## Share Your Ride

Enter your commute details to find matching rides.

## Save & Connect
